Fondest Welcome to ALL!

Summer in Indianapolis is such an exciting time of year and nothing exemplifies this excitement more than the *Circle City IN Pride festival!*

I'm so proud of how our community has supported Indy Pride over the years. It's a fantastic celebration and has grown so large, at last count, is the 2nd largest single day event in the State of Indiana! Second in size only to the Indy 500! *Circle City IN Pride festival* is something we can all be proud of.

Whether you're coming down to enjoy the interfaith service, Rainbow 5K Run/Walk, community picnic, Music IN Pride or the famous Cadillac Barbie Pride Parade, we here in the City Government are confident you'll leave with great memories of a wonderful week in Indianapolis.

Over these past few years, things in the Indiana legislature and the governor's office haven't really painted a fair representation of the welcoming spirit, that Hoosier Hospitality, for which Indy is so well known. Thankfully, each time they have tried to drag us back, the people of Indiana, most particularly Indianapolis residents, have fought back.

Indianapolis is a wonderful city with a rich and diverse community and we as a city are committed to ensuring that all our residents and visitors are valued and respected for the many contributions they bring.

As Indiana's first openly gay elected official and on behalf of the Great City of Indianapolis, I welcome you all to the ***Circle City IN Pride festival***. Watch for me in the Cadillac Barbie Pride Parade!

Happy Pride, Everyone!
